Call to schedule an appointment.

989-832-6673

Screenings are FREE. You must have an appointment for your child to be screened

*** Hearing and Vision screening services are not available during the summer. ***

Please be aware dates and times are subject to rescheduling due to Covid-19

And Health Department Pandemic Response activities.

Michigan Law requires hearing and vision screening at least once between the ages 3-5 before your child enters kindergarten. The Public Health Code Act 368 of 1978, Section 9307 states that "a parent, guardian, or person in *loco parentis* applying to have a child registered for the first time in a kindergarten or first grade in a school in this state shall present to school officials, at the time of registration or not later than the first day of school, a certificate of hearing and vision testing or screening or statements of exception under Section 9311".

"Early detection and treatment of hearing and vision problems can help children succeed in school."
