Damage Assessment Reporting Update

Midland County Emergency Management needs to collect some basic damage assessment information from residents and business owners within the City of Midland and Midland County. For those who have had structural damage caused by the recent flood waters, or that had water inside their homes or businesses, we need to collect information from you. If you have not already reported your damage to the phone numbers that were posted over the last couple of days, please complete a flood damage questionnaire. That questionnaire can be accessed at the following link on the Midland County 911 website:

<http://goo.gl/c3gYA2>

Please DO NOT CALL 911 to provide this questionnaire information.

For those of you who are without power or access to computers or electronic devices you can have someone else complete it for you (fill out what they know and leave blank what they don't) or call (989)-837-3500.

Please continue to monitor flooding and street closures via the following resources:

- www.midland911.org
- Midland County 911, Emergency Management, County of Midland, and City of Midland Facebook pages
- Call 2-1-1 and/or sign up for 911 text and email alerts through Nixle.com
